Vaultuster

Constructed an advanced technology-based e-commerce website for Vaultuster on Shopify. It incorporated a clean, technomorphic look on the layout to help focus on the recent tech items. Focused on smooth navigation and minimalistic design giving the comfort of shopping without obstructions. Established a system for product catalogues, carts and checkouts with several payment gateways for safe payment. Further, improved the site's responsiveness by making it more compatible for use by mobile devices to the users.
